THE ULTIMATE PARADISE ISLAND EXPERIENCE
Paradise Island Villas is a unique family run 5 star Boutique Villa Hotel, a complex of just 12 stylish luxury villas. Discreetly tucked away in the coastal town of Anissaras, Paradise Island Villas lies just 2km from the cosmopolitan town of Hersonissos and 23km from Heraklion's airport, yet it could be a world away. Within the lush landscaped grounds, the purity and silence of the air creates a fitting ambience for a collection of 12 individually designed elegant villas, each with its own private grounds and heated pools with jets. Each villa is the epitome of comfort with chic, ethnic furnishings and luxurious amenities such as well as private pools, Jacuzzis and gardens.

Paradise Island Villas is an island experience to savour; combining elegant and luxury villas with the charm of a 5 star boutique hotel, this hillside location looks out to superb sea and mountain views. With its elegant country chic aesthetic, its distinctive Mediterranean architecture, versatile services, and respect for natural material, Paradise Island Villas unfolds as an unparalleled holiday experience to its guests.

Our dedication to high hospitality standards has created a warm and chic environment, making Paradise Island Villas the perfect destination for relaxation and rejuvenation for couples, groups and families!
The villas present a balance of comfort, luxury and style. Particular attention has been given to the interior design. The result is an effect of brilliant splashes of color, and a unique combination of rustic and ethnic elements. Individually designed, all guest villas embody a country chic and ethnic aesthetic while remaining true to the Cretan tradition. However, rather than being generically designed, each has been furnished and decorated by the development’s owners; every accessory has a story and every room enjoys its own unique personality.

Comfort and privacy are never compromised, and the end result is a dozen completely bespoke properties, reflecting Cretan architecture yet integrating every modern convenience guests could hope for, from Italian crystal chandeliers to computers with highspeed Wi-Fi.

The Paradise Bed Concept

As sleeping is precious to all guests in Paradise Island Villas, the villas are equipped with the “Paradise Bed Concept”: combining custom-made mattresses, white cotton, silk linens and a variety of pillows; each bed is a heaven of softness and sensuality, ensuring a perfect night’s sleep in readiness for the next instalment of life in a Paradise Island Villa. When guests retire to their bedrooms, they will discover the ‘Paradise Bed Concept’.
Paradise Island Villas presents a collection of five different styles of two-storey properties, ranging in size and interior design and décor. Each villa is the epitome of comfort with chic, ethnic furnishings and luxurious amenities such as private pools (heated on request), Jacuzzis and gardens. Named after the Greek Gods, these villas share many common features, from private pools to six-ring hobs and air-conditioning. With Jacuzzi bathtubs and separate shower cubicles, the bathrooms are tiled in polished Greek marble and even come equipped with bathrobes and slippers.

With its elegant country chic aesthetic, its distinctive Mediterranean architecture, versatile services, and respect for natural material, Paradise Island Villas unfolds as an unparalleled holiday experience to its guests.
